Allen Michael

Channels the Plan for the New World

Pictured here at a recent peace march in San Francisco, Allen Michael is the Galactic Channel for this planetary transcendancy taking place now. He is the founder of the One World Family Commune and the Universal Industrial Church. We recognize him to be the Comforter prophesied to come at this time in St. John 14:16 & 26, & 16:7-13.

Allen Michael has channeled a World Master Plan from the Godmind, which gives the way to end the usury money system through a non-violent World Wide Work Stoppage/Karma Yoga Exercise and the 30/30 Plan. ☀

From Galactic Channel Allen Michael

The Spirit of Truth Is Real

The following is our first printed excerpt from The Everlasting Gospel – Vol. 2, channeled through Allen Michael.

The Bible tells of the coming of the Comforter Spirit of Truth (St. John 14:26), which I Am. I'm also the one who brings forth the "Everlasting Gospel" of Revelation 14:6. So far, none of the Christian preachers have revealed the truth of these Bible passages about the Comforter, who Jesus says will come "in his name" and bring the world into "the things which are to come."

The Comforter Spirit of Truth, which I Am, is of normal Creation Universe, where everything is going along beautifully. There are no problems at all in Eternity. The problems all lie in these Carlanon planets. Carlanon planets are special healing project planets in a few solar systems, like this one, that have been set up following solar catastrophes. The solar catastrophe occurred when a number of entities in the solar system began to devolve in consciousness because of the words they were speaking, which were not the words and thoughts that the Creation Universe has created to operate Its Utopia. For example, in Normal Universe, there isn't any war, crime, disease, poverty or mortal death. These negative effects only exist where souls in body vehicles have changed the words spoken by adding their desires to the Creation's Utopian way of life.

There is no doctrine for the way life is in the Universe, and there is no word such as "doctrine." There is only knowing – no "thinking" where people are paid for "thinking up" things.

I come from the headquarters of the Galactic Elohim on Altamedia at the Great Central Sun, and there are some two million of us (the 144,000 spoken of in the Bible) here on this Carlanon planet. Our only purpose is to redeem the microcosms caught in this terrible pit of hell, where nations have developed military forces that fight and kill each other. They do this because those are the thoughts and words they have created in the past, and those words and deeds recorded in the collective consciousness animate their bodies to fight and kill one another.

Instead of having a healing system for crimes, the satanic establishment has a judgment system with prisons to put people in, and they have to have thousands of policemen and women in every state to do this. All of this is caused by satanic power, negated energy, which is the only thought that these people have. They, themselves, are the crime, the warriors and the robbers, treating the effects (war, crime, disease and poverty) with effects, and they don't know how to use Love, which is the mind force all over the Universe. Over 99.99% of the Universe is operating perfectly, so who would be so perverted that they would own a ▶

big business or a big industry and hire workers to come and operate the outlet or the machinery and pay them a wage?

Universal Consciousness

The main thing that Jesus, who was one of us, taught the people, was to hold all things common and to make distribution to one another according to need (Acts 4:32-35). This is the basis of Christianity, and the people who do these things are Christ-like people. The religious heads in churches defile the meaning of Christ, which in truth is simply "Universal Consciousness." They have developed a man-God concept and they try to get people to worship their man-God and make Jesus his only begotten son. They teach that all who believe in him and do his bidding will be saved, that all those who do the things he teaches will be restored to the man-God's heaven, and that in the "judgment," the evil doers are cast into an Everlasting Lake of Fire. All of this is a fictional story, as is the story of Adam and Eve in the earth's Garden of Eden.

Religion has it that we should pray to the man-God up in heaven and he will answer our prayers. Actually praying is to talk softly with God as you're walking around. You don't ask God for anything because God has already given everything, such as space,

air, soil, water, plants, nuts, seeds, grains, bodies, etc. Just try to imagine people going on, selling their daily bread for a secular profit, when it's obvious that we, the Creators of good things, are supposed to rid ourselves of exploiters. Hitler and Stalin tried to do this, but they used force and violence and the killing of an enemy like unto themselves. This is far from praying for righteousness to come. There is no way you can communicate with the Creation's Universal Mind and be patriotic and/or neurotic at the same time.

Now, in Jesus' time, did they have television stations so Jesus could talk to people all over the world and give them understanding? Of course not. Then what did they have? They had a few people who recognized that God was speaking to the people through those who wrote the teachings of Christ with a quillpen and ink, on tree bark made into a paper. These writings were passed around to preachers to preach in churches where people gathered. Some began adding to the prophecy, and they imagined a God who punishes people for sins and rewards those who obey the commandments, and this duality thinking developed in their religions. All of this has been going on on earth, which is in a ruined solar system, ruined by entities who added words and spoken sen-

through the industrialists, who brought electricity, metals, coal, oil, gas, etc, and in their thinking, believe they are bringing a new Universe in the material world on earth, beyond Creation's 12 dimensions. Note: The electricity is already in the aura of Normal Universe as the Creation's spirit, and through their thinking, the industrialists have devised the way of putting up poles and wires so they can charge the people money for what Creation provides freely.

Planetary Healing

Me, myself and the 144,000 – more like two million – of us who are incarnated here as members of the Galactic Elohim, have the full power to transform this planet back into the Utopian Creation, "The Garden of Eden," that

exists all over the Universe. None of the eternal souls in body vehicles of the Creation Universe would ever try to change anything of the Creation or add anything to it, things such as there being special gods who need workers, so they can build temples of God, where God and they can be worshipped. What folly! The Creation Universe doesn't want any worshippers. It only wants doers of love services for all people.

Long ago, Galactica built twelve

communal colonies in the warm climate around the belt of the planet, and operated them over a period of four hundred thousand years. We built the Hermetic trinity Giza pyramids that sent alpha, beta and gamma energies along the ley lines around the planet to furnish light, electric power, consciousness and teleportation energy to all the communities. All of this was for the healing of those souls who had mistakenly allowed their seven body and soul chakras to be turned around in order to function in mortal-minded thinking, instead of the first cause activity of ►

"Let's establish a New World Government, of, by and for the people and a Great One World Company whereby everyone enjoys Absolute Freedom, Security and Abundance!"

tences that went into causation and created the conjecture in things which they talk about and that aren't true.

The purpose of this Carlanon planet has been to redeem as many as possible of those entities who have gone off on a spree, saying they have discovered the body brain, with which they can think up their lives, and they have developed free will to boot. This is the oldest illusion in the Universe, and falling into it are those entities who come along and say they have discovered the 13th dimension. Now, the Creation is bringing about Its highest dimensions of creativity

the Creation Universe.

Our Galaxy, called Immaculaceptor Galaxy, contains billions of solar systems and trillions of planets, all inhabited by eternal beings living in spiritual Utopia. Now comes the time when this planet and its entities are restored to the Creation's Utopia. This is easy for us of the Galactic Elohim to do and is all fun. No more politicians, preachers, judges, billionaires, soldiers, generals, athletic heroes, movie makers, or stars. Now, all these things are dropped out of society as the Workers of the World end their slavery and carry out the Galactic World Wide Work Stoppage/Karma Yoga Exercise, which becomes a gala celebration for everyone. This stops all unnecessary work, while we continue to produce the basic necessities of life, which becomes "creativity," not "work," and transfers all property back to the Creation so It can take management over it.

Normal Universe

In normal Universe, cars, trucks, trains, Airplanes, etc., have never been developed. We develop things that the Creation shows us inwardly how to do. Cars, trucks, trains and planes can crash and kill people, or injure them for life, which in itself is quite tragic. But in Normal Universe, we have what you have seen and now call, flying saucers. These spacecraft are crash-proof, weightless in space and can levitate and teleport.

In normal Universe there is no war, crime, disease, poverty or mortal death. These things only exist here because people are using words and thoughts that are creating them.

On earth, in order to keep their millions of dollars, some people make excuses for the youth who have died in wars, saying they fought for their nation to preserve democracy and freedom. This is all lies, and the youth were deceived as usual. All the negative effects

that exist here on this planet come from words people speak, which are recorded in the planet's aura. Now, these satanic thoughts are leading many people to steal, rob, cheat, murder, exploit, rape, abuse children, conduct slave labor, etc.

On the positive side, more and more people are speaking the words and thoughts of the Synthesis. This is what the World Wide Work Stoppage/Karma Yoga Exercise is all about. All the people need to do is to talk about it in truth, and it starts to happen, and the liberation of the workers of the world from WORK is well under way.

In the planet's aura, the collective consciousness, everything that has been said and done so far is recorded in thought and pictures for recall. It's easy for people to rid themselves of their bad karma. It's done by simply refusing all the thought that is secular and that allows politicians, generals and judges to rule over a society of the Creation's people, and instead being in the consciousness of one humanity, sharing Creation's abundance.

Those entities affected by the solar catastrophe are a tiny fraction of a percent of the jillions of souls who inhabit eternal body vehicles all over the Universe. However, they are a majority on these Carlanon planets in ruined solar systems. The solar systems were ruined by souls who ventured into the shadows, away from the pure clear light. This is what Jesus was talking about, along with Allah, the Buddha and many others who are sent by the Creation unto these screwed up planets. Preachers have even tried to turn Jesus into the only begotten son of the man-God, when the truth is that he, just as those many others of us of the Galactic Elohim, was sent here for the purpose of helping the people speak only in the HERE and NOW, and never in any time-frame, especially of the past.

9/11: Cause and Effect

The intelligence of normal Universe can be explained by turning September 11th around so we see the truth of what happened. We turn it around to see where the presidents of America have sent the CIA and military into Vietnam, Afghanistan and elsewhere for decades now in an ongoing war against those opposed to American Imperialism, who have adopted the methods of

terrorizing the citizenry of Israel and now America. During the war, the terrorists, in a suicide mission, crashed planes into the twin towers of the Babylon harlots and into Satan's Pentagon. Now do you get the picture? As ye sow, so shall you reap. It's as simple as that, all the emotional razz-ma-tazz notwithstanding. Everything on this planet happens in duality where there are two sides to the coin. You can drop the coin on the table, and it will land, either heads or tails, and people will say, "I won and you lost."

This same duality occurred in World Wars I and II, the Korean War, the Vietnam War, the Gulf War and the ongoing Cold War, in which bombs were dropped in the same way it happened to the World Trade Center and the Pentagon. In these wars, many millions of youths have been killed because of the politicians who are governing over the people. The governments, however, are supposed to bring prosperity to all people living in the Creation's Utopia.

Following the solar catastrophe, six million years ago, the Creation had to create a special ethereal abode that the entities could stay in until this planet was ready to receive the colonized bodies for the healing of the poor, poor, poor microcosms. They had gone astray into the shadows and even had begun to think they had a brain they could educate so they could be Congress or Senate men and women, or judges or generals. The truth is that all these are of things, the military and the justice system, that no one should be part of. There should only be the healing of

all people.

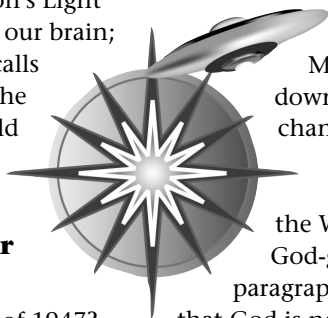

So how come these Satanic-infested people are ruling over the people? How come they can't remove the status quo and let the Creation's Light come in? There is nothing in our brain; it's only a transceiver that recalls thought and pictures out of the planet's aura, and there should only be beautiful thoughts and pictures for our recall.

The World Changed for Good in 1947

Where were you in April of 1947? You were either a child, a teenager, an older person ready to die and come back again, or in a heavenly abode, waiting to reincarnate. Whatever your state of being at the time, you were alive somewhere in this earthly vicinity when, at that time, the world changed.

What changed? Someone on earth was made aware of the fact, for one, that we are not alone in this vast Universe; two, that the Universe, for the enormous

part of it, is a highly technologically-developed, computer-driven, advanced society of telepathic harmony; and three, that spacecraft are real and from advanced civilizations.

The day after Allen Michael's initiation, he sat down and became an open channel, writing down what he had heard telepathically. So now we have the World Bill of Rights, a God-given ideology in seven paragraphs. The seventh one says that God is not the author of confusion. This is true. God is only the author of Clear Truth, and not of duality of any kind. Only man and womankind are in duality and confusion, not God. There is no one to blame for anything. Just look inward at your self and see where there is confusion and where there is Clear Truth. We all must do this and be honest in what we see.

The World Bill of Rights is of the Clear Light! The New World Bible is of

Clear Light and the Everlasting Gospel is its song that we can all sing with joy in our hearts.

There is Clear Light at the end of the tunnel, the opening to infinity and the Eternal Universe, and a return to normal Universe and to the Central Sun of this Galaxy. All this is done by real praying, praying that is talking and listening to the Universe about the reality of the ways and means that the Creation has created all things to be in Its Utopian Paradise, where people, souls in body vehicles, all have romance and beauty because they keep freedom as their way of life. ☀

THE NEW COVENANT WORLD BILL OF RIGHTS

LET each of us share all the world – the kingdom of God – and call one place of our choosing our own, and be free to come and go in the world and stay at any dwelling place accommodating travelers.

LET each of us give to the extent of our abilities to the One World Company, and in return all things shall be added unto us.

LET each of us be judged only by our conscience in God and let no person judge their fellow beings, but rather take judgement of their own thought and action.

LET no person or group hold any authority over another, except that people be willingly led by wisdom and true personality.

LET the government be of the people, where the people are self-governed; by the people, where the people enjoy perfect freedom; and for the people, where the people give themselves abundant living.

LET the government seat be only the storehouse and inventory of the people's products.

LET all things be done unto edification, for God is not the author of confusion.

Demonstrating the New World Since 1967

by Del Rainer

The One World Family Commune is a demonstration, to the degree possible at this time, of the New World of sharing. All of our energy is given freely in the joy of serving one another and humanity. We recognize that our purpose in being here at this time is to assist Allen Michael in bringing the messages he channels from Galactica to the people all over the world and to demonstrate the communal lifestyle of sharing, serving and forgiveness. During the 36 years we have been together, we have published five books of the Everlasting Gospel series, channeled from Galactica thru Allen Michael. The books are not sold, but freely given with or without a donation.

In 1968, my husband, Michael, and I sold our home in Marin County and joined the One World Family Commune in San Francisco. Before hearing Allen Michael speak, I had no interest in Bible prophesy or organized religion. So, it was a revelation to hear the truth of it loud and clear. Everything just clicked, and I experienced a flash of recognition when he explained the reason he calls himself "the comforter," which had been shown to him in St. John 14:14, 16, 26 & 16:1-7, and Jesus' teaching of sharing all things in common in Acts 4:32-35: "And the multitude of them that believed were of one heart and of one soul: neither said any of

them that ought of the things that he possessed was his own; but they had all things common." The reason the powers-that-be wanted to get rid of Jesus.

From our little vegetarian restaurant, "The Here and Now," in San Francisco, we moved to Marin County and opened "The Mustard Seed." From there, we were led to Berkeley and opened "The One World Family Natural Food Center." Due to a conflict with the leaseholder of the building, we were forced to move out after a few months. With the loss of our restaurant, we recognized our need for support in being able to carry out our mission and care for our children. A number of us applied for, and were each granted SSI based on our

inability to function in the wage/slave world of getting-for-self, which would have meant the end of our demonstration and purpose of communicating the Everlasting Gospel. We knew that Creation had led us to righteously apply for SSI to supply minimal basic needs for those of us who are here from the Universe to sow the seeds for the ending of the usury money system and the coming New World being born. Our heightened level of awareness had risen beyond that of duality, which governs the usury money system, and we could no longer function in it. Whatever money we have is shared as a communal family to provide for our food, shelter and clothing, while we channel our energy into

Due to generous donations from family and friends, we have published

Currently we produce two bi-weekly television shows weekly for cable networks.

five books of the Everlasting Gospel, channeled thru Allen Michael. We currently produce the Galactic Messenger Newsletter and produce videos for Public Access TV. The reason we have been limited to non-commercial Public Access TV is obvious when you realize that the main focus of the channelings is to show the truth of the evil usury money system and end it. Of course, you know who controls the mass media. Nevertheless, people are rapidly waking up to the truth of the satanic system, and its demise is not far off, as we can see in the great tsunami and devastation in Sri Lanka, India and Indonesia, caused from the satanic mental seeds sown from the getting-for-self consciousness.

We have a system that's backwards and ungodly and controlled by the few who are hypnotized by materiality. As we let go of old programming based on fear of being judged or rejected, illness, and ultimately, death, acquired living in a society that evaluates the almighty dollar as supreme, we come to know that we are one humanity on a planet that Creation has filled with an abundance of all wonderful and beautiful things for our happiness, health and joy to share freely.

The present world events signify the end of the old money system, as foretold in Allen Michael's channelings, dating back to the time when he first began channeling from Galactica in 1947. In

the first book we published in 1973, *To the Youth of the World*, Allen Michael reveals the true meaning of much of the prophesy in the Bible, including the prophesy in Dan. 11:40-45, which tells of the king of the north (world bankers) and the king of the south (Arab nations): "...and he [the king of the north] shall plant the tabernacles of his palace between the seas in the glorious holy mountain; yet he shall come to his end, and none shall help him." This is the war now taking place in the Middle East and is part of the prophesy of the end of the old dying usury money system.

The negative energy, which has built up on this planet due to negating the nature of the Universal life force – which is giving and receiving, reciprocal – is now culminating in the increased wars, crime, diseases, poverty, death and "natural" disasters. At the same time the heart chakra energies are building worldwide, but we don't hear or read much of the positive, humanitarian acts taking place, or the beautiful crop circles in wheat fields, or the increasing flying saucer sightings. The people are being prepared as the gamma synthesis ener-

gies of Creation are beamed down for those who are rising in Universal consciousness to be receptive to the coming wondrous demonstration by Galactica, filling the skies around the planet with spaceships beaming love energies for all to see and the message for all to hear of this wonderful coming new world of sharing. The beautiful Beings of Galactica will come to us on all television and computer screens to help guide humanity into the New World of absolute freedom, security and abundance. This awakening has been foretold symbolically and in many languages through channelings from Creation down through the ages by enlightened souls and prophets, and now, Allen Michael brings it all into the synthesis. ☀
